

Folding Picnic Tables

Guests who are made to feel comfortable usually stay longer and spend more and this is increasingly being recognized by event and festival organisers to help increase revenue.

Our unique and high quality folding picnic tables are designed for both indoor and outdoor use, creating seating areas that can be utilised for eating, drinking, or just as a welcome break from the days activities. Each purpose built stillage contains 10 tables, which are available for long or short-term nationwide hire or sale and the option of a supply only or full installation and removal service.

The fast and easy mechanism means that our picnic table only takes seconds to set up and once in position will provide comfortable, yet sturdy seating for 8 people.

Our foldaway picnic tables are proving extremely popular so book your requirements early to avoid disappointment.
