

BBS Alphabloc™ Space Saver

Stability and Storage

The uniquely foldable Alphabloc™ Space Saver has been developed as a convenient alternative to the conventional style of water filled separators, allowing increased quantities on a pallet at less stacking height.

- Unique folding design.
- Increased quantity at 40 units per pallet reducing storage and improving distribution.
- Reduced storage and transport costs, reducing carbon footprint.
- Multiple configuration options allows for use on uneven surfaces.
- Water fillable for increased stability
