# BBS FIRMUS BARRIER

An alternative to the BBS Gate Barrier, the BBS Firmus Barrier is a Chapter 8 & BS compliant Barrier and Reflector for pedestrian delineation. The interlocking design means they can be grouped in a variety of ways to create a safely designated walkway or block off hazards.

AVAILABLE IN  
CORPORATE COLOURS

The BBS Firmus Barrier provides a versatile and flexible pedestrian safety solution. The optional anti-trip foot keeps walkways clear without encroaching onto pedestrian space while the reflective strip ensures the Firmus is visible at night or in bad weather for additional safety.

## KEY FEATURES:

- Standard colours: Red / Orange
- Available in corporate colours.
- Standard Feet and Anti-Trip Feet available.
- Anti-Trip Feet in choice of black or yellow.

## Ballast requirements:

- Cat C wind 19mph: no ballast
- Cat B wind 39mph: 40KG
- Cat A wind 58mph: 90KG
